

## JUST SAY

I never ask you to come  
You came by yourself  
You entered into my life  
Without being called  
A lonely heart I was  
I feel me so good  
Until I've found, that it was just  
An illusion of love

You took me by the hand  
When I was feeling weak  
You wiped away my tears  
When sorrow filled my heart  
I never known such things before  
I felt in paradise  
Until I found, that it was just  
An illusion of love

Chorus: Just Say  
I need you no more  
Just Say  
I never care for you  
Just Say  
I need you no more  
Just Say

You've tell me to wait for you  
And I stopped my train of life  
I closed my heart, wishing the day  
That you will come  
Even I know that you told me  
That this day will never be

I'll keep my life and I'll keep my love  
'Cause in life you never know.

Chorus..
