

NEUROTIC

She's never leaving her home in the evening
For somebody could be chasing around
She draws the curtains and turns off all lights
And she stops making any sound

Chorus: Watch Out
 Danger is near
 Behave like a rabbit caught in the headlights
 Wait until the coast is clear

Something is lurking beneath every surface
She's always be on her guard
Somebody's trying to spy in her secret
In the end she could draw the wrong card

Chorus: Watch Out
 Danger is near
 Behave like a rabbit caught in the headlights
 Wait until the coast is clear

Nobody out there is acting sincerely
Ravenous wolves are on their way
Looking for fresh meat creeping and drooling
Beware of the dusk at the end of the day

Chorus: Watch Out
 Danger is near
 Behave like a rabbit caught in the headlights
 Wait until the coast is clear
